English Sympathy with Emancipation. The recently formed London Emancipation Society has issued circulars to members of all denominations, urging them to give prominence to the subject of negre emancipation from the pulpit, in view of the inauguration of Mr. Lincoln's smancipation policy with the new year. The Star says: "The most enthusiastic

meeting has been held at Lamberth, to express sympathy with the anti-slavery pub-He In America. About three thousand persons were precent."

By announcement in the Mansfield papers, we learn that there is to be a Grand Concert and Donation Convention at that place on Tuesday, the 6th day of January next. The object is to raise money, &c., for the benefit of the volunteers. One hundred singers, it is said, will take part in the performance, dressed as near as may be in

Cook -John Morgan, when engaged in destroying bridges upon the Louisville and Mashville Railroad, is said to have telegraphed to General Boyle, at Louisville, that he had better appoint another Superintendent for that road, as the present one had recently erected some very bad bridges, and he should be forced to tear them all down.

THE Fund Commissioners of Ohio, Mesers, Taylor, Auditor; Kennon, Secretary of State; and Murray, Attorney General, left Columbus yesterday for New York to pay the interest on the State debt. They pay in gold. No State in the Union has a better credit than Ohio.

Preparations for Hanging the Indians. The Mankato (Minn.) Record says that the gallows to be erected on the levee for square, arranged so as to hang ten prisoners on each corner-forty in all.

Secretary Stanton, in a recent letter, pays a high compliment to the Ohio medial corps in the army. He regards it as above that furnished by any other State, both in point of skill and in prompt and close attention to the wants of the soldiers.

The Governor and State officers have ex- for some time. amined and approved an improved ambulance, invented by the late Surgeon-General, Dr. Weber.

Dr. L. C. Walton of Talmadge, Summit A Little Heavy,

C-, a good soul, after taking all the little comforts he could afford to the wounded soldiers, went into the hospital for the fortieth time, the other day, with his mits, consisting of several papers of fine-out chewing tobacco—solace for the wounded, as he called it. He came to one bed, where a poor fellow lay cheerfully humming a tune, and studying out faces on the papered wall. "Hot a fever ?" naked C-

"No," answered the coldier. Got a cold ?" "Yes-cold lead-like the d-1!"

"Well, to tell you the truth, it's pretty well scattered. First, there's a bullet in

my right arm; they hain't dug that out yet. Then there's one near my thighit's sticking in yet; one in my leg-hit the bone; that fellow hurts; one through my left hand—that fell out. And I tell you what, friend, with all this lead in me, I feel, generally speaking, a little heavy all - lightened his woes with a double

quantity of solace. Besigns upon the Lower Ohio,

A New Albany paper, just received, says there is no longer reason to doubt that the design of the rebels in Tennessee is to make a well planned raid upon the lower Ohio towns. It has direct information of sch a movement toward Paducah and Smithland, the object being to blockade the lower Ohio. It is reported that there are over 5,000 rebels scattered in Lyon, Caldwell, Trigg, Christian Hopkins and Grove counties, which can be concentrated as short notice. There seems to be considerable danger to the principal Kentucky towns on the lower Ohio from these bands of guerlas. A sufficient number of troops are seing despatched to points between Louisville and Henderson to protect, it is hoped

Sounter Wade.

Washington Correspondence Sandusky Reg.] "As the time approaches for the meeting of the Ohio Legislature, it is a special pleasure to notice the eagerness manifested by citizens of other States for the re-elecon of Ben. Wade to the Senate. His Maims upon the people of Ohio are fully simitted and endorsed in every loyal secan of the Union. His record of outspoact, unawerving loyalty in the darkest hours of the country, his devotion to the pipe to another, or from a pipe to a cigar.

One of the guests of the army tried to maily course in the Senste,—each and all have endeared him to the hearts of loyal men and with scarce a dissenting voice they urge his ze-election."

A Generous Act.

The Kenis Torchhight says, "We have seen a letter from Judge J. B. Swan, the President of the Columbia and Kenis Rairosd, stating that he was authorised by the Board of Directors to donate such a sun as he thought proper for the support of the families of soldiers in Greene county: that he had set apart five hundred dollars for that purpose, and asking for the proper person with whom to place it for distribution. This is a hands me act. The same course has been taken in each of there are twelve vessels (including one the counties through which the rold pass.

United States gunboat) in process of construction. The sleven merchant vessels.

Smortann Strains and Onason Brossols.—Major General John A. McClernand was married to Miss Minerva Dunlar, but, of Jacksonville, Illinois, a sister of his former wife, a few days since

construction. The sleven merchant vessels with in the aggregate, carry between ten and eleven thousand tons. Shipbuilding has not been carried on to such an exhibit the best and cheapert place in the city to bey and words. Swords, Sword Selection of officers it immine, a set places.

VOL. XVI.

CLEVELAND, WEDNESDAY MORNING, DECEMBER 31, 1862.

Miscellaneous Items.

The Capture of the Ariel by the Alabame The following is the Purser's statement most hair on? The outside. of the capture of the Ariel by the pirate the act allowing soldiers to vote, and also a bill exempting soldiers bounty from at-

"The Ariel was captured on her out-ward passage by the rebel steamer Ala-bama, under the following circumstances: On the 7th inst., at 1:30 r. s., when round-ing Cape Maysi, the eastern point of Cuba, we saw a vessel about four miles to the westward, close under the high land of Cube, bark-rigged, and under convas. As there was nothing in her appearance in-dicating her to be a steamer, her amoka-pipe being down, no suspicious were aroused, ill, in a short time, we saw she had furled her sails, raised her smoke-stack, and was rapidly nearing us under steam, the American flag flying at her peak. Such was her speed, in comparison to ours, that in about half an hour she had come up within half a mile of us, when she fired a lee gun, hauled down the American on

ion was puld to the summons, and the Ariel was pushed to her utmost speed. "Bhe then sailed across our wake, took a position on our port quarter, about 400 yards distant, and fired two gams almost simultaneously, one shot passing over the nurriosue deck, and the other hitting the

sign, and can up the rebel flag. No atten-

forestant, certing it half away.

"A body of United States Marines, consisting of 126 men, passengers on board the Ariel, had been drawn up and armed; but the officers in command deemed it worse than folly to resist, as we could plainly see they were training a full broadside to bear upon us, and Captain Jones gave orders to stop the ship and haul

down the ensign.
"A boat then put off to us, and the "A boat then put off to us, and the boarding officer, on coming aboard, at once assured the passengers that no one should be molested, and that all baggage and private property should be respected. He then demanded the keys to the special the costume of fifty to one hundred years and private property should be respected. He then demanded the keys to the special ocker, together with all the ship's papers and letters, and informed the Captain that he must be in readiness to go on board the Alabama with him, where he was detained

as a hostage until the next day. The money in the abip, amounting to \$9,500, was taken off, and the prize crew, twenty in number, all well armed, put on board. The engine-room was taken in

en, as well as some belonging to the ship. Both vessels lay off the Cape during the night and a part of the next day. On the and Sixty-ninth regiment, and obtaning afternoon of the Stb, our sails were thrown | bounties under false pretenses. overboard, and the steam valve taken away in order to prevent our escape should they Journal of Commerce, writing from Havgive chase to any other vessel, as they were ans, under date of the 5th inst., says the expecting to capture the Champion also, and had been lying in wait for several days at this point for that purpose. The same night our valve was returned, and great hit in Norfolk as Rose Field the intention of landing us at St. Domingo changed to Kingston, Jamaica,

Both vessels were then headed for that the hanging of the Indians, was to be in place, and on the 9th inst, at 9 r. m., we the form of a diamond, twenty-four feet arrived off Point Morant, about forty miles from Kingston. Near this point the Alabama gave chase and boarded a vessel from which some information was received which induced Captain Semmes to again change his mind, and take heavy bonds for the ship and cargo, permitting us to resume our voyage. The reason given was, that this vessel had reported yellow fever raging in Kingston, and he would not we were storwards missing ages; but that no yellow fever had prevailed there

The conduct of those officers and crew of the Alabama in charge of this ship was extremely courteous. They were in regular communication with the United States, both by letters and papers, and were fully cognizant of our days of sailing, and that the second inst., only eight months and cept them. For this reason, the specie to twelve days old, which weighed \$19 lbs. as Captain Jones did not think it prudent to bring it.

> bent of what comes to hand and adapting present! himself to circumstances. A correspondeat writes from the army:

"The cookery of the army has been immonsely improved since our people were general glance at lyric affairs in the old driven to learn war. The wholesale sick-world. driven to learn war. The whotesate serily ness that came upon the regiments early in the service was, as every body helpless-of the famous Adams power printing press, out of which he has made a fortune, has a farm in Bandwich, N. H., ly knew, largely chargeable to the prepa-ration of food. There seemed to be no retired to a farm in Sandwich, N. H. means of educating the men to do their cooking decently, except in the hard school of experience. It was General Wool, I think, who said that half-cooked beans kill-aid he never likely ed more American soldiers in the Mexi-can War than the bullets of the enemy.-The remark was, doubtless, in its intent and purport, true, and it would probably apply to the first months of the present war. But the boys who have seen service

to fix up sleeping accommodations.

"There are a thousand tricks known to

Shipbuilding in Maine.

An article in the Bath Times, of the 23d

for a year or a year and a half, know how to cook beans, and make coffee, and fry pork and boil beef.
"It is wonderful what a nice supper they will get in a little while, under cir-cumstances that would cause the novice to built under Captain Ericsson's second conespair and go supperless to bed. In the tract. She has on board one 11 and one first place they have a knack of making a fire that would excite the envy of one 15-inch gun, the latter being fired inside the turret. She will be ready for sea in of the original "big injins." A few green pine sticks, a hoop or stave from a barrel, two weeks. brush cut with a hatchet, (we won't imag-ine that luxurious fire wood for soldiers,

ntes there is a rousing fire; and, out of a bucket of water, dipped with a tin cup from the nearest creek, and the usual stock of coffee, flour and fat pork, with the aid of single frying pan and a camp keitle, there will be realized a supper of hot biscuit and coffee and fried pork that, season-forces in Southern Kentucky in the same ed with an appetite, is a good thing. If it should happen that there is fresh bosf or ham at hand, there is a feast. Then the way .- Cincinnati Commercial.

WHEN George W. Curtis was lecturing before the Young Men's Institute hat Friboys light their pipes and carry on the process of digesting comfortably, unless they have been on the move, and have brother was killed the next day at Frederthe old campaigners that new hands become expert in, only under the pressure of necessity and the force of example.
